## Education

### Full Stack Web Development

Prepleaf By Masai (CAP)  
January 2023-present

### BA

Pandit Deendayal Upadhyaya  
Shekhawati University, Sikar  
January 2020 - April 2023

## Technical Skills

- JavaScript
- python
- MongoDB
- HTML5

## Soft Skills

- Time Management
- Teamwork
- Problem Solving
- Effective Communication

## Certifications

### Zoom Marathon Challenge

prepleaf by masai  
It is organized by Prepleaf by Masai.

# Nitesh Kumar

## Full Stack Web Developer

## Professional Summary

Energetic Full Stack Web Developer skilled in JavaScript, Python, and MongoDB. Expertise in utilizing Generative AI and integrating MERN stack technologies to build scalable solutions. Quick to learn new tech stacks and adept at problem-solving and collaborative workflows.

## Projects

### sketchpy [Github Repo Link](#)

python

- Converted images into precise sketches using advanced Python image processing libraries.
- Developed an intuitive user interface for uploading and managing images.
- Implemented efficient algorithms to ensure quick and accurate sketch generation.
- Conducted rigorous testing to ensure the reliability and stability of the sketch feature.
- Optimized the application for performance, ensuring fast processing and minimal latency.

### Tutle [Github Repo Link](#)

python

- Developed intricate designs and patterns using Python's Turtle graphics library.
- Designed and implemented various shapes and structures, demonstrating proficiency in Python.
- Utilized loops and recursive functions to create complex graphical patterns.
- Tested and debugged design logic to ensure accurate rendering of visuals.
- Enhanced problem-solving skills through continuous iteration and refinement of design algorithms.
